The **24 year old** has **ten years of production knowledge and experience** under his belt, which he has used to drive his original productions forward and create the best material possible. Music wasn't originally his first career path of choice, since he originally moved to the states to pursue a college tennis career, but it's safe to say it's working out for the best! With all this said, it's time to introduce his **first ever stellar production** in the form of a single titled "**In the Darkness**". With a beautiful story behind it along with **tons of emotions** that will evoke **strong feelings** within the listener, this is one of the **finest productions to come out of the later end of 2019**, ending the year on a high note.

"Creating the track was an **incredible experience and story**. It involved escaping the boring city atmosphere and travelling to the middle of the Rocky Mountains with our whole studio. The scenic city lights below me surrounded by **darkness** inspired me to create this unique track that **millions of people are streaming today**".

GriG started mixing in **early 2016** and became the **official resident DJ** at the most popular nightclub in Nebraska called "**THE MAX**".

Along his **DJ** career **GriG** performed in numerous places like: **The MAX Omaha**, **Barry's Lincoln**, **415**, **The Royal Grove**, and **Rhythmz Lounge** where he is currently hosting **his own shows every Thursday**.
